**PRELIMINARY AMENDMENT**

This is a Preliminary Amendment to the above-captioned application that was filed on February 22, 2002.

**In the Claims:**

**Please cancel Claims 1-20.**

**Please add new Claims 21 – 50:**

---

21. (New) A system for delivery of services to at least one mobile client capable of wireless communication comprising:

*B*  
a plurality of communication/detection devices, each of said communication/detection devices associated with a pre-determined physical space to detect the presence of said client when said client is within said pre-determined physical space and to communicate information between said
